

DESIGNATED EMPHASIS IN DATA SCIENCE APPLICATION

Upon electing to pursue a DE in Data Science, students must choose a DE faculty advisor from the Data Science program faculty list. This should be done at least one quarter before the student's Qualifying Examination, as the DE Advisor must serve on the committee. Students must be registered and in good standing.

Students should organize a preliminary meeting with their faculty advisor and the DE advisor, and agree on a plan for completion of the DE requirements. Once this plan has been designated, the student and the advisors must complete the following application form. The completed and signed form should then be filed with the Baskin Engineering Graduate Student Affairs Office (bsoe-ga@rt.ucsc.edu). You will be notified by email of the DE Executive Committee's decision.

Last Name	First Name	MI	Student ID
Email			Home Department

I certify that I am interested in pursuing the Designated Emphasis in Data Science, and that I meet the requirements below:

- I have obtained the required background in the four below areas as follows:
 - Univariate calculus _____
 - Linear algebra _____
 - Programming _____
 - Introductory statistics _____

- I have completed or will complete the required DE courses prior to my Qualifying Examination in the quarter listed below:
 - STAT/CSE 266A _____
 - STAT/CSE 266C _____
 - CSE 242 _____ (Required by home department, substituted with _____)
 - STAT 204 _____ (Required by home department, substituted with _____)
 - Elective* _____
 - STAT 280B Seminar _____

SIGNATURES

By signing below, I certify that we have discussed the topics included on this form and approve the application. I understand that completing this application does not guarantee my admission to the Data Science DE.

DESIGNATED EMPHASIS IN DATA SCIENCE

Upon completion of the requirements listed above, this form should be signed by the PhD advisor and the DE advisor, then filed with the Baskin Engineering Graduate Student Affairs Office (bsoe-ga@rt.ucsc.edu).

Any changes to the requirements should be documented and approved by the DE advisor, and attached to this form.

DATA SCIENCE DE REQUIREMENTS COMPLETED AND APPROVED

By signing below, I certify that all course requirements have been met, and the notation of "Designated Emphasis in Data Science" may be conferred by the Graduate Division upon submission of the approved doctoral dissertation.
