

DESIGNATED EMPHASIS IN STATISTICS

Upon electing to pursue a DE in Statistics, students must choose a DE faculty advisor in the Department of Statistics. This should be done at least one quarter before the student's Qualifying Examination.

A list of eligible DE advisors is maintained online. The student should organize a preliminary meeting with the DE advisor, and agree on a plan for completion of the DE requirements. Once this plan has been designated, the student and the advisor must complete the following form. The completed form should then be signed by the student's home department advisor, by the DE advisor, and by the Statistics Graduate Director, and then filed with the Baskin Engineering Graduate Advising Office (bsoe-ga@rt.ucsc.edu).

Last Name	First Name	MI	Student ID
Email			Home Department
Statistics DE Advisor			Degree

PROPOSED PLAN OF COMPLETION

Required courses - List quarter and year taken or expected:

STAT 203 _____	STAT 206/B _____
STAT 207 _____	Elective _____

**Approved electives include: STAT 204, 205, 205B, 208, 209, 222, 223, 225, 226, 227, 229, 243, 244, 246, and 291.*

PROPOSED REQUIREMENTS APPROVED:	
Student's PhD Advisor:	Date:
Statistics DE Advisor:	Date:
Statistics Graduate Director:	Date:
Comments:	

Upon completion of the requirements listed above, this form should be signed by the DE advisor and the Statistics Graduate Director. Any changes to the requirements should be documented and approved by the DE advisor, and attached to this form.
