What Happens after you Complete your Application?

Once you have completed an application and notified nlp@ucsc.edu, we will begin reviewing your application. Please note that you will initially be unable to submit the application in the application portal. Only applicants we plan to admit will be allowed to officially submit their application (submit/pay application fee). We will be emailing admitted applicants with instructions on next steps.

Throughout the month of July, applicants should continually check their email inbox and spam folders for instructions from cse-gradadvising@ucsc.edu. If you do not hear from us before July 30th, it may mean that your application did not meet the program’s eligibility requirements.

We look forward to receiving your completed application. Please let us know if you have any questions by emailing cse-gradadvising@ucsc.edu or nlp@ucsc.edu.
